

Feedback Summary

After the collection of feedback from all stakeholders, below mention is the summary categorized in two broader perspectives:

1. Summary of academic aspects:

As per the NAAC mandate, feedback from all the stakeholders regarding curriculum content and enrichment should be collected to update the curriculum periodically for the betterment of students. Thus adhering to the guidelines, Feedback for the session has been collected through structured questionnaires through the University web portal.

After the due collection of the data, SPSS software was used to calculate frequency and mode was calculated to have a glance of maximum observed frequency pertinent to various parameters.

Below mention is the Action Taken report based on the feedback Analysis:

S.No.	Point of enhancement	Agency Involved	Action Taken
1	Curriculum enrichment	All Departments & Academic Council	Departments conducted the workshop with experts and have proposed new programmes and revision in some programmes and submitted for the due approval.
2	Need for Industry oriented course and skill course other than a structured curriculum.	All Departments & Academic Council	After the due discussion held with the Dean of all departments and VC and Training and placement officer, the new high-end course was introduced in the year.

2. Summary on overall aspects:

Other than the curriculum content and enrichment, feedback on overall aspects like infrastructure, lab and library facilities, research orientation, and participation in co-curricular activities was collected and analyzed as per the stipulated process. Overall the satisfaction level is good towards the facilities and policies.

Below mention is the Action Taken report based on the feedback Analysis:

S.NO.	Point of enhancement	Agency Involved	Action Taken		
1	Research support and participation in research-oriented activities.	All Departments and Registrar office	Through analysis, it was observed that participation in research-oriented activities need to be strengthened. Thus it was decided to encourage students for participation and presentation and to provide maximum financial support to the students as per the norms and policy.		
2	Participation in Extension activities	All Departments and NSS	Through analysis, it was found that enrollment of students in NSS and the active		

			<p>participation of students in community engagement activities need to be strengthened. Students were encouraged to involve in community activities and volunteer community engagement activities like swatch campaign, voter awareness campaign, rally etc.</p>		
3	Reading Content enrichment	Library and Registrar office	Additional Books and Journals were added to enrich the content
