FOREWORD

I am happy to know that AISECT is launching a University in Bhopal. I am sure the university will endeavour to reach the unreached members of the nation. My greetings and best wishes to all the members of AISECT Group of Universities on this occasion.

Dr. A.P.J. Abdul Kalam Former President of India

The Rabindranath Tagore University is India's first skill university that aims to create a cadre of professionals who are skilled enough to pave their own way through this competitive world. The university provides world-class education with state-of-the-art facilities and infrastructure. Our faculties indulge in providing a diverse curriculum of education to create the future leaders of our region.

Mr. Santosh K. Choubey

Chancellor, Rabindranath Tagore University

India had been facing the talent crunch in terms of quantity and quality, with updated, dynamic and time-relevant syllabus in professional courses, since last few decades. To fill-up this gap, the visionary Chancellor has decided to come forward to produce more updated professionals in all academic fields, who are globally compatible and thus, the first private university of Madhya Pradesh, "Rabindranath Tagore University, Bhopal (RNTU)" was born.

This Premier University in reality is pioneer in "social and technical change agent" and continuously ranked first in the State. The "change agents" produced by us, are not only contributing to both corporate and social sectors of India but to the world economy as well, by crossing the geographical boundaries. Thus, in reality, the RNTU has already shaped into an International University.

RNTU's visionary role of skill-based university has been extolled at various platforms, where it has received many National and International awards. RNTU has bagged NIRF ranking in second consecutive year.

I am sure that every student, who is going to be associated with such a path-breaking university, with world-class unmatched academic infrastructure, which embraces dynamic-time relevant syllabus, using latest technologies and having highly qualified professional faculty, will feel proud of his/her decision to be a part of RNTU, Bhopal.

We welcome students to an Academic Institution with latest world-class learning resources (physical, academic, intellectual), along with regional and international diversity, outreach along with inclusion of disadvantaged sections of society.

Prof. Bramh Prakash Pethiya

Vice Chancellor, Rabindranath Tagore University

Rabindranath Tagore University, Bhopal is the leading private university in the country. As an institute of excellence, we aim to provide high-quality professional education in the area of Engineering, Management, Arts, Agriculture, Commerce, Paramedical, Mass Communication, Law, Education etc.

Our vision is to create future leaders who will manage and create powerful organizations in the emerging corporate landscape. The curricula of all our programmes are industry-oriented based on best global practices. Academic rigor is reflected in the course design and delivery of these programmes. Various pedagogic tools help our students develop not only a holistic business perspective but an ability to seize opportunities in a competitive business environment. At the same time, they remain committed towards the betterment of the society. We have highly acclaimed faculty members who bring forth the right mix of industry-academic experience. They are actively involved in their pursuit of creating and disseminating knowledge through teaching, research and training. Our students will be the torchbearers of your organization and of society, and I recommend them enthusiastically for your consideration.

Institute for Vocational Education & Skill Development

B.Voc. (Bachelor of Vocation) is an emerging course in India that aims at providing adequate skills required for a particular trade to candidates. B.Voc. was introduced by UGC to ensure that students have adequate skills and knowledge that could make them ready at each exit point of the programme. B.Voc. degree offers multiple exit and entry options to a Diploma, Advanced Diploma or Bachelor's Degree, under the NSQF (National Skills Qualifications Framework). It integrates NSQF within the undergraduate level of higher education in order to enhance employability of the graduates and meet industry requirements. The program helps an individual to focus on practical skills and an insight to the job requirements and thereby enhances employability for suitable jobs. It provides students the flexibility of continuing their work in the industry, along with completing the B.Voc. Degree program. The course is different from traditional academic programmes as it deals more with application-based studies rather than focusing only on theoretical knowledge.

Bihar, Vaishali AN AISECT GROUP UNIVERSITY

Recognized by: UGC

r. C.V. Raman University (CVRU) was set-up in Vaishali district of Bihar in 2017 as the State's first skill university. CVRU Vaishali aims to curb the youth migration problem of Bihar by providing the local youth with affordable quality education opportunities in their vicinity. Set in a sprawling campus with all the modern amenities in over 2,00,000 sq. ft. of built-up area, the university offers a variety of industrycentric, multi-disciplinary courses under Engineering, Management and Agricultural Education Faculties. Simultaneously, it also offers numerous skill development courses that are relevant to the job market and aspirations of Bihar's youth. For further information, please visit: www.cvrubihar.ac.in.

In line with its endeavour of establishing more skill-based, rural India based, affordable quality higher education institutions, AISECT Group of Universities have recently signed an MoU worth INR 300 crores with the Government of Assam at the 'Advantage Assam' Summit 2018 to open a

state-of-the-art university in the State by the end of 2018. A grand project in the making, CVRU Assam will offer ultra-modern facilities and infrastructure in a state-of-the-art campus. It will be the first skill-based university in North-East India.

Singh, Registrar of Rabindranath Tagore University, congratulated the faculty and students. The programme started with the address of Dr Nilesh Trivedi, Assistant Director at MSNA, Government of India.

Dr Nilesh Trivedi spoke about different funding schemes provided by MSME to engineering colleges and also explained how to register at MSME. This session was really informative and proved useful for faculty.

The celebration continued with a session by Professor Satish Kumar, Ex Principal Consultant WIPRO. The interaction with him was really motivating. He described various qualities an engineer should possess and what makes an engineer different from the rest of the world. The session was synergetic with constant questionnaire. He inspired the participants and made them realise the importance of an engineer.

Various speakers and delegates, faculties and students took part in the celebration. The guests and participants were welcomed by Dr S Veenadhari, Associate Professor in Computer Science Department. The programme was successfully organised and completed under the guidance of Dr Sanjeev Kumar, Dean Academics.

Finally, the event was concluded with a vote of thanks proposed by Abhishek Shroti, Training and Placement Officer, Rabindranath Tagore University. usion 07

रबीद्रनाथ टैगोर विश्वविद्यालय के डॉ. दिनेश कुमार सोनी ने नया स्लाइडर क्रेंक मैंकेनिज्म किया विकसित

भोपाल । रबीद्रनाथ टैगोर विश्वविद्यालय, भोपाल के कोर रिसर्च

और इनोवेशन समूह और मैकेनिकल इंजीनियरिंग विभाग के एसोसिएट प्रोफेसरें डॉ. दिनेश कुमार सोनी द्वारा एक नया स्लाइडर क्रैंक मैकेनिज्म विकसित किया गया है। इस मैकेनिज्म में पिस्टन क्रैंक के 900ए घुमने पर अपने स्ट्रोंक को प्राप्त कर लेता है , जबकि पारम्परिक स्लाइडर क्रैंक मैंकेनिज्म में पिस्टन ऋँक के 1800 घूमने पर अपने स्ट्रोक को प्राप्त करता है. इस मैकेनिज्म में ऋँक के एक बार घुमने पर पिस्टन 2 बार ऊपर जाता है, जिसकी मदद से हम पारम्परिक स्लाइडर ऋँक मैकेनिज्म की तुलना में कार्य को कम समय में पूर्ण कर लेंगे। उदाहरण के लिए, यदि एक हवा केंप्रेसर टैंक को भरने में 1 घंटा लगता है, तो इस मैकेनिज्म की मदद से टैंक को भरने में 30 – 35 मिनट लगेंगे । इस प्रकार यह उपयोगकर्ता के समय और बिजली की बचत करेगा। यह मैकेनिज्म गांडियों के इंजन में भी बहुत सहायक है। यह मैकेनिज्म क्रैंक के एक बार घूमने पर इंजन के सभी चार स्ट्रोक का उत्पादन करेगा। इस प्रकार, यह मैकेनिज्म 4—स्ट्रोक इंजन में क्रैंक के प्रत्येक बार घुमने में एक पावर

स्टोक का उत्पादन करेगा।
