ABOUT RNTU

Rabindranath Tagore University (RNTU), Bhopal is a nationally recognized institution committed to redefining higher education through a skill-integrated, future-ready approach. Established in 2010 as India's first skill-based university, RNTU is a premier initiative of the AISECT Group of Universities, one of the country's most respected education networks.

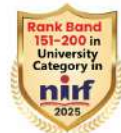

Inspired by the legacy of Nobel Laureate Gurudev Rabindranath Tagore, the university focuses on holistic student development blending academic excellence with creativity, character-building and practical competencies. Its ecosystem nurtures innovation, entrepreneurship and engagement in liberal arts, sports and cultural activities.

RNTU is recognized under Section 2(f) of the UGC Act and approved by key regulatory bodies including AICTE, NCTE, BCI, INC, ICAR, PCI, MPPMB, and MPPURC. It is also a proud member of the AIU and ACU (UK). With world-class infrastructure, experiential learning and industry-aligned curricula, RNTU stands among Central India's top private universities empowering students to thrive in a rapidly evolving global landscape.

RNTU Recognitions & Approvals

Approved by relevant academic and regulatory bodies ensuring credibility and quality education.

ABOUT **BLACKWELL** GLOBAL UNIVERSITY

Founded with a clear purpose of making high quality higher education accessible to students around the world, **Blackwell Global University** marked a significant milestone on November 17, 2022, when it obtained its first license from the Florida Commission for Independent Education (FCIE) under License No. 12499.

This achievement opened a new chapter in global education, enabling the university to expand access to knowledge and create opportunities for learners ready to advance their professional journeys. Under the leadership of **President Sherman D. Roberts**, the university has focused on delivering undergraduate and graduate business programs designed to address the evolving challenges of the 21st century.

With a strong commitment to flexibility, accessibility and academic excellence, Blackwell Global University empowers students worldwide to enhance their careers through internationally recognized credentials. The university's growing global presence extends across countries including the United States, Mexico, the Dominican Republic, El Salvador, Costa Rica, Panama, Venezuela, Colombia, Ecuador, Peru, Bolivia, Brazil, Chile and Spain. Today, Blackwell Global University continues to broaden its international reach, offering world class education and equipping students with the skills and knowledge needed to thrive in a dynamic and competitive global workforce.

The Danish Consortium for Academic Craftsmanship (DCAC) is a vocational education partnership accredited by the Danish Ministry of Education, focused on advancing skill development through Danish pedagogical models. DCAC specializes in vocational training, curriculum development, teacher training and international collaborations, including key partnerships in India.

MBA in **HEALTHCARE MANAGEMENT**

What is Healthcare Management?

Healthcare Management is a specialized field that combines business knowledge with healthcare expertise to prepare future leaders for hospitals, healthcare organizations, insurance companies, and health-tech enterprises. The program develops strategic, analytical, and operational skills required to improve healthcare services, patient experience, and organizational efficiency in the modern healthcare ecosystem.

Key Learning Areas

Healthcare Management covers hospital administration and operations, healthcare policy and ethics, healthcare analytics and data management, quality and risk management, medical tourism and healthcare services, along with digital health and healthcare technology.

Career Opportunities

Graduates can build successful careers as hospital administrators, healthcare operations managers, medical practice managers, healthcare consultants, health insurance executives, public health managers, and patient experience managers across leading healthcare organizations globally.

Why Choose This Specialisation?

This specialisation offers strong global career opportunities in one of the fastest-growing industries worldwide. It provides a unique blend of management excellence and healthcare expertise while creating opportunities to work across hospitals, insurance companies, pharmaceutical firms, public health organizations, and healthcare technology sectors.

At a Glance

The program is designed as a 24-month global MBA with international immersion opportunities, including an exclusive 4-day international immersion experience in Denmark, industry projects, workshops, global academic collaborations, and future-focused career development support. Students also gain access to Blackwell Global University's advanced online learning platform and LMS for an enriched global learning experience.

Industry Exposure

Students gain valuable industry exposure through interaction with hospitals and healthcare chains, health insurance companies, pharmaceutical and biotech firms, medical tourism organizations, and emerging health-tech startups.

MBA in **HOSPITALITY MANAGEMENT**

What is Hospitality Management?

Hospitality Management focuses on developing leadership and service excellence skills required for managing hotels, tourism businesses, luxury brands, events, and global hospitality organizations. The program prepares students to create exceptional customer experiences while building expertise in hospitality operations, tourism management and international business practices.

Key Learning Areas

The curriculum includes hotel and resort management, tourism and travel operations, luxury brand management, event and hospitality services, customer relationship management, hospitality marketing, service excellence and international hospitality practices.

Career Opportunities

Graduates can pursue exciting careers as hotel operations managers, tourism consultants, event managers, guest relations managers, resort managers, hospitality marketing managers, and luxury brand executives in the global hospitality industry.

Why Choose This Specialisation?

This specialisation provides global career opportunities in the fast-growing hospitality and tourism industry while developing leadership, communication, and customer-centric management skills. Students also benefit from international exposure, real-world learning experiences, and opportunities to work in dynamic multicultural environments.

At a Glance

The program offers a 24-month global MBA experience featuring a 4-day international immersion program in Denmark, live industry projects, workshops, global academic collaborations, and strong career advancement opportunities. Students additionally benefit from Blackwell Global University's world-class online content and LMS platform designed to build globally competitive professionals.

Industry Exposure

Students receive practical industry exposure through engagement with luxury hotels and resorts, airlines and travel companies, tourism boards and destination organizations, event and MICE companies, as well as cruise lines and hospitality chains.

MBA in **AGRIBUSINESS**

What is Agribusiness?

The Agribusiness specialisation combines business management with the modern agriculture industry. It focuses on areas like agricultural marketing, food processing, supply chain management, agritech, finance, and global trade. Students gain the managerial, analytical, and entrepreneurial skills needed to manage agricultural enterprises and agri-based businesses in a rapidly evolving global market.

Key Learning Areas

The curriculum covers agricultural marketing, agritech, food processing, rural finance, supply chain management, sustainable agriculture, and agribusiness entrepreneurship. Students also develop leadership, strategic thinking, and problem-solving skills through practical and industry-oriented learning.

Career Opportunities

Graduates can pursue careers as Agribusiness Managers, Agricultural Marketing Executives, Supply Chain Managers, Food Processing Managers, Agri Export Consultants, Agritech Analysts, Rural Development Officers, Commodity Trading Executives and Agribusiness Entrepreneurs.

Why Choose This Specialisation?

Agribusiness is one of the world's fastest-growing and most essential sectors, driven by food security, sustainability, and technological innovation. This specialisation is ideal for students interested in agriculture, food industries, agritech, rural development, supply chains, or entrepreneurship. The program blends academic knowledge with practical exposure to create industry-ready professionals.

At a Glance

The GlobalEdge MBA in Agribusiness Management is a 24-month industry-focused program designed to provide global exposure, practical business understanding, and future-ready skills. The program includes a 4-day International Immersion in Denmark, industry projects, workshops, and access to Blackwell Global University learning content and LMS. Students gain exposure to agribusiness, agri-tech, food industries, supply chain management and global agricultural markets.

Industry Exposure

Students gain practical industry exposure through internships, live projects, industry visits, workshops, case studies, and interactions with agriculture and food industry experts. This hands-on approach builds real-world understanding of modern farming, agritech, market operations and food supply chains.

MBA in **BANKING, RISK, FINANCE & INSURANCE**

What is Banking, Risk, Finance & Insurance ?

The GlobalEdge MBA in Banking, Risk, Finance & Insurance (BFSI) is designed to build expertise in banking, finance, insurance, investment analysis, and risk management. The program equips students with analytical, strategic and decision-making skills needed for today's fast-evolving financial services industry.

Key Learning Areas

The curriculum covers banking systems, financial markets, corporate finance, insurance management, risk management, fintech, digital banking, blockchain, financial regulations and financial analytics. Students gain exposure to modern financial technologies and industry practices.

Career Opportunities

Graduates can pursue roles such as Financial Analyst, Banking Relationship Manager, Risk Management Executive, Investment Consultant, Insurance Advisor, Credit Analyst, Wealth Manager, FinTech Specialist and Corporate Finance Executive.

Why Choose This Specialisation?

This specialisation prepares students for careers in banking, finance, insurance, fintech, investment management and corporate finance. With growing demand for professionals skilled in digital finance, risk analysis, and financial strategy, the program develops globally relevant and future-ready finance professionals.

At a Glance

The GlobalEdge MBA in BFSI is a 24-month industry-oriented program offering global academic collaboration, practical learning, industry projects, and a 4-day International Immersion Experience in Denmark. The program prepares students for leadership roles in global financial services, banking, insurance, fintech, and investment industries.

Industry Exposure

Students gain practical exposure through internships, live projects, workshops, case studies, financial simulations, and interactions with industry experts from banking, finance, insurance and fintech sectors. They also receive access to Blackwell Global University learning content and LMS.

IN A NUTSHELL

This **GlobalEdge MBA** is more than just a degree. It is a passport to global leadership, designed to develop agile, tech savvy and culturally fluent professionals prepared to lead change in a dynamic global business environment.
